

Shift leader production 2-shifts

Plaats / Provincie: [Barneveld / Gelderland](#)

Branche / Niveau: [Industrie / Productie / Mbo](#)

Aantal uren / Dienstverband: [minimaal 32 uur / maximaal: 40 uur / Full time](#)

Vacature referentie: [58970-B](#)

Bedrijfsomschrijving

Your new employer is currently growing enormously and has recently purchased a new production line, as a result of which it is looking for an extra team leader in addition to extra production employees. This is to continue the growth and to guarantee continuity, but also to ensure that the processes run as smoothly as possible and to ensure that all your colleagues continue to be well supported. How cool is it if you can be part of this fun and hard-working, but above all "gezellige" team - as they call it in the Netherlands?

Functieomschrijving

As shift leader, you will ensure that production runs smoothly daily by:

- Welcoming and supervising new colleagues properly;
- Ensuring that everyone is in the right place along the production line/machine(s);
- (Re)setting up production lines and machines;
- Pointing out improvements and bottlenecks in time, so that something can be done about it;
- Cooperating and assisting where necessary.

After all, one team is one task!

Good to know: the work as shift leader in production is from Monday to Friday in 2 shifts. Sporadically you may be asked for a night shift, but this can be counted on one hand in about 3 months.

Functie-eisen

- Past work experience in a manufacturing environment is a requirement.
- Same goes for previous work experience as a supervisor, shift leader, cooperating foreman or similar.
- Technical affinity/insight is a plus.
- You do not own birds (either indoors or outdoors).
- In addition, you have excellent oral skills in both Dutch and English, so you can communicate well with your future colleagues.

Do you speak only English and can only understand the Dutch language? Then we would also like to get in touch with you!

Arbeidsvoorwaarden

- At start €18,87 gross per hour > €3.100 gross a month for 38 hours a week.
- Excluding shift bonus (afternoon +10% and night +20%).
- Travel allowance of €0,23 p/km.
- 8,33% vacation pay and 25 vacation days.
- Accumulation plus pension.
- Long-term or permanent job.
- In addition, the necessary workwear, as well as your work shoes, will be provided by your new employer!

Sollicitatieprocedure

Step 1. Apply for this shift leader job using the application button.

Step 2. We will call you for a phone interview.

Step 3. We will schedule a personal introduction at FlevoDirect.

Step 4. We introduce you to your new employer and you go here for an interview.

Step 5. You are offered the job and can start working!
